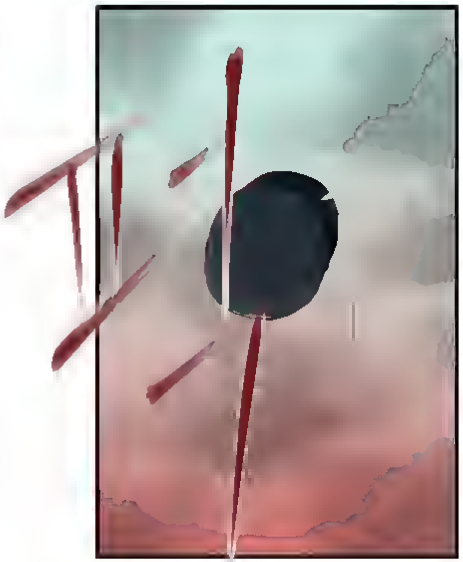
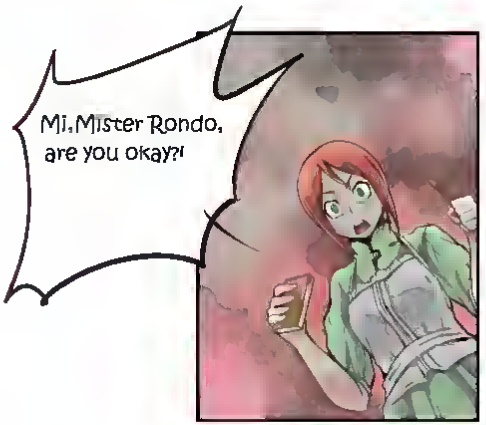
Okay then, I will be back with your order.

Oh, Mr.Rondo!
It's been a while since you last visited
I was passing by and decided to drop by
Is there still no news about 'That guy'?

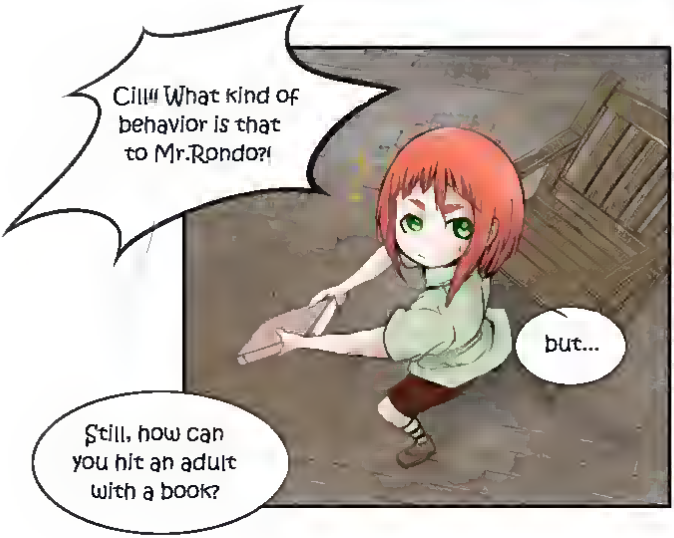
Well, he must be really busy. It probably can't be helped.
That damn bastard. How does he not even have time to write his own wife a letter. Worrying her.
and she's immersed in books just like always.
Hey KID!!
Uncle is here!!





Mi, Mister Rondo, are you okay?!

Ouch...
I could use her as an assistant...



Cili!! What kind of behavior is that to Mr.Rondo?!
but...
Still, how can you hit an adult with a book?

AH!!
It's snow!!

Wha, what are you talking about?

Snow?!
This region doesn't get any snow
besides, it's not even winter...

It's not snow, but this is a rare phenomenon.
Could it be some sort of blessing from above?

To me they just look like some kind of special seeds.
Why would seeds be...

AHHH!!!

wha, what is that?
Hiegh!!
IT HURTS!! HURTS!!
Sa, SAVE ME!!

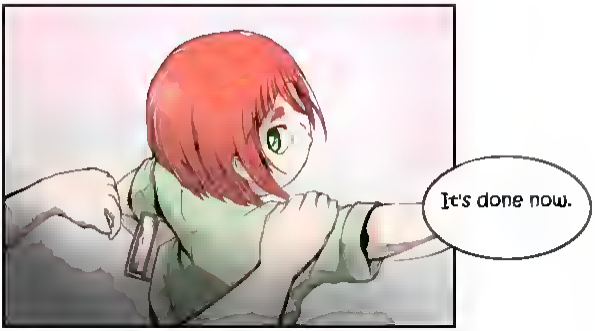
Cou, could it be because of these things?

Everyone, get inside!!
꺄아
아아

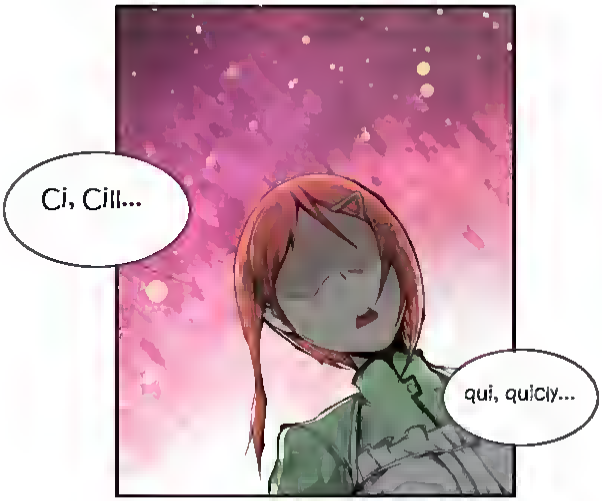
Cill, let's get inside the shop, quickly!
Mom, just a second...

Just one...

I want to have it...



It's done now.



Ci, Cili...
qui, quicly...

Mom?
What's wrong...

끼익

Whoa, to become like this in just one day. I can't believe it.
And it's just full of plants I've never seen before.

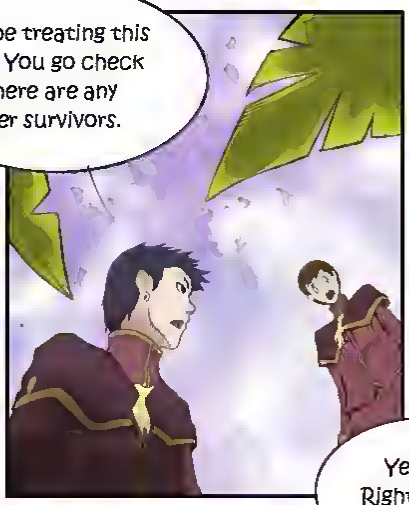
.....!!
Whoa! What the fuck is this?
You idiot!!
What do you mean the fuck it this. Is that something you should say to these innocent souls?

My, my apologies sir.
But do you really think there will be any survivors around here?
Just, just a second
타앙
Hey rookie! Follow me, quick!
Huh?

See, there is a survivor right here.

I, I'm sorry sir.

I'll be treating this kid. You go check if there are any other survivors.



Yes Sir!! Right away!!

Hey kid, hang on just a bit longer

TN: For those of you who might not understand why she's reaching out there. That yellow plant is what grew on her mom earlier

Prologue
시작의 날
The Day of Beginning

TN: It took me a while to decide on the translated title for the prologue because the title can be translated to also. "The Day it Began" "Starting Day" and ect. I thought this was the best sounding one and also the translation that made the most sense

Message From PoisonJoint

1. This is a brand new series that has only three chapters out. I really liked the original draft to the series which is why I picked it up now that it's being serialized.

2. PoisonJoint is in need of Koreans to Enlgish Translators and typesetters. Email poisonjoint@gmail.com if you're interested.
